

```
const x = 20;
var y = 40;
b();
```

```
function b() {
  const y = 30; a();
  function a() {
    console.log(x, y);
  }

  var x = 10;
  console.log(x, y);
}
```

Console

```

    Undefined
    30

    10
    30
  
```
